**General Comments**

ABF scheduled welding the lower back bar between E - 1 & E - 2 at 7:00 AM. It was cancelled last night with out notifying our office .

I was asked to come to cover the welding operation . I checked the site . Only the labors were there . I asked to cover the South opening on the deck to prevent water from going into the box girder .

I talked with Dan the welding superintendent . Dan said that ' no welding will be performed today on the site . Today operation is cancelled last night ' .

In the office I had to finish yesterday report , do office work . I was done at 12:00 PM.
